AFPC Company Abbreviation Registry

As of 04/29/2013

Company Abbreviation	Company Name	IANA Private Enterprise Number	Used for IPDS Manufacturer Value
XRX	Xerox	1.3.6.1.4.1.253	Yes

Notes:
- IPDS printers and transforms place the company abbreviation in the manufacturer field of the XOH-OPC reply; this value must be three EBCDIC characters. Company abbreviations are also used in the CMR name for device-dependent CMRs.

- IANA is the Internet Assigned Number Authority.

Changes since the first version (08/19/2009):
- 10/12/2009 – Removed IANA number 1.3.6.1.4.1.12911 from the Océ entry since this number is not used in the context of AFP/IPDS
- 04/27/2010 – Added "MPI" as the registered manufacturer value for MPI Tech A/S
- 05/12/2010 – Added 1.3.6.1.4.1.2612 as a second IANA value for MPI (this value was originally registered to i-data international)
- 11/08/2010 – Added a row for Compart AG
- 02/14/2011 – Added companies that don't receive IPDS (to complete the list of AFPC companies); the registry was also renamed from "IPDS Registry" to "AFPC Company Abbreviation Registry"
- 10/14/2011 – Added eBilling and updated company names for Océ, InfoPrint, and Xeikon
- 02/22/2012 – Added Actuate
- 04/23/2013 – Added ASG Software Solutions and Doxee.
- 04/29/2013 – Added RISO Kagaku Corporation
